Computer Highlights Society Magazines (HTML)
Bob Ward, IEEE Computer Society
pp. 4-5

The Known World

Dumb Grids and Smart Markets (HTML)
David Alan Grier, George Washington University
pp. 6-8

32 and 16 Years Ago

32 and 16 Years Ago (HTML)
pp. 9-10

Technology News

Mobile Security: Finally a Serious Problem? (HTML)
Neal Leavitt, Leavitt Communications
pp. 11-14

News Briefs

News Briefs (HTML)
pp. 18-20

Perspectives

Understanding and Using Rendezvous to Enhance Mobile Crowdsourcing Applications (HTML)
R. J. Honicky, Nokia Research Center, Berkeley
pp. 22-28

Guest Editor's Introduction

IT Footprinting - Groundwork for Future Smart Cities (HTML)
Sumi Helal, University of Florida
pp. 30-31

Cover Features

Smarter Cities and Their Innovation Challenges (HTML)
Milind Naphade, IBM
Guruduth Banavar, IBM
Colin Harrison, IBM
Jurij Paraszczak, IBM
Robert Morris, IBM
pp. 32-39

From Space to Stage: How Interactive Screens Will Change Urban Life (HTML)
Kai Kuikkanemi, Helsinki Institute for Information Technology
Giulio Jacucci, Helsinki University of Technology
Marko Turpeinen, Helsinki Institute for Information Technology
Eve Hoggan, Helsinki University of Technology
Jörg Müller, Deutsche Telekom Laboratories
pp. 40-47

Experiences inside the Ubiquitous Oulu Smart City (HTML)
Felipe Gil-Castineira, University of Vigo, Spain
Enrique Costa-Montenegro, University of Vigo, Spain
Francisco J. Gonzalez-Castano, University of Vigo, Spain
Cristina Lopez-Bravo, University of Vigo, Spain
Timo Ojala, University of Oulu, Oulu
Raja Bose, Nokia Research Center, Palo Alto

Building an Integrated Service Management Platform for Ubiquitous Cities (HTML)

Jungwoo Lee, Yonsei University
Songhoon Baik, KT Corp.
Choonhwa Lee, Hanyang University

pp. 48-55

Research Feature

Ring Generator: An Ultimate Linear Feedback Shift Register (HTML)

Nilanjan Mukherjee, Mentor Graphics
Janusz Rajski, Mentor Graphics
Grzegorz Mrugalski, Mentor Graphics Polska
Artur Pogiel, Mentor Graphics Polska
Jerzy Tyszer, Poznan University of Technology

pp. 56-63

Report to Members

Special Technical Communities (HTML)
Dejan Milojicic, HP Labs
Phil Laplante, Pennsylvania State University

pp. 64-71

Computer Society Connection

Kuck Receives Computer Pioneer Award (HTML)
Bob Ward, IEEE Computer Society

pp. 72-74

Call and Calendar

Call and Calendar (HTML)
Bob Ward, IEEE Computer Society

pp. 75-77

Software Technologies

Harmonizing Quality Assurance Processes and Product Characteristics (HTML)
César Pardo, Kybele Consulting Colombia
Francisco J. Pino, University of Cauca, Colombia
Félix García, University of Castilla-La Mancha, Spain
Mario Piattini, Alarcos Quality Center, Spain

pp. 78-80

Entertainment Computing

The Kinect Digital Out-of-Box Experience (HTML)
John Solaro, Microsoft

pp. 81-83

Security

Ubiquitous Data Collection: Rethinking Privacy Debates (HTML)
Dan Breznitz, Georgia Institute of Technology
Michael Murphree, Georgia Institute of Technology
Seymour Goodman, Georgia Institute of Technology
pp. 100-102
Discovery Analytics
21st-Century Data Miners Meet 19th-Century Electrical Cables (HTML)
Cynthia Rudin, Columbia University
Rebecca J. Passonneau, Columbia University
Axinia Radeva, Columbia University
Steve Ierome, Consolidated Edison of New York
Delfina F. Isaac, Consolidated Edison of New York
pp. 103-105
Education
Transforming Computer Science Education in High Schools (HTML)
Jan Cuny, National Science Foundation
pp. 107-109
The Profession
Computing and the Step Function (HTML)
Neville Holmes, University of Tasmania
pp. 112, 110-111
